- At most events there will be "open areas" to practice/warm-up at your own leisure.
- A sound system will not be provided for warm-up areas. There will be a portable jambox available or you may bring a battery operated, portable sound system.

LEVEL GUIDELINES & DIVISIONS

- "Performance Levels" are a division leveling system that allows all teams to compete within their own skill level, as well as squad size. These levels promote a more competitive division. Performance Levels also allow organizations with multiple teams to participate without having to compete against each other. It is the responsibility of the coach to insure that each squad's routine elements conform to the USASF/NACCC & Champion's Performance Level Guidelines of their respective division. Champion is not responsible for teams placed in the wrong division by their coach. (Click here for USASF/NACCC Level Guidelines & Divisions).

PERFORMANCE ORDER

- The performance order for the first day of competition will be based on your registration date. The first team to register (with deposit) in their division performs last. The performance order for the second day of competition will be basically in the same order as the first day.
- Your performance order will be posted on our website the Wednesday prior to Nationals. (Two days prior for Regional One Day Championships.) Order of Performance Schedules will be frequently updated, please stay informed.
- Scheduling with crossovers, Champion can only guarantee 20 minutes between routines and may overlap awards and warm-up times, because Champion may have to alter the "Order of Performance".

CROSSOVERS

- A "Crossover" is a cheerleader or dancer that competes on more than one team from the same gym or school and at the same event. The crossover fee does NOT apply to a participant who is on a school team and an ALL-Star team. "Crossover" participants must pay the full registration fee for the first team and then will pay the discounted "Crossover" fee for each additional team thereafter. (Click here for Crossover Fees)

INTERRUPTION OF PERFORMANCE

- If the performance interruption is due to event equipment or facilities failure, you may begin again either at the beginning of the performance or at the point of interruption.
- If an interruption is due to failure of your team's equipment, music, supplies, personnel or injury, you may either continue or withdraw from the competition.
- Champion officials reserve the right to stop a performance due to an injury.

SPOTTING

- Champion will provide spotters for all mount and stunting categories. These spotters are in addition to the mandatory team spotters required by the rules set forth by Champion/USASF /NACCC.
- The purpose of these spotters and their priority is to provide additional safety. They are instructed to be aware of all that is happening around them (tumbling, jumps, transitions, etc.) while spotting. However, in the case that in performing their duty they affect the routine being performed in any way, the judges are instructed to take this into account when deciding the score for a given routine. The spotters' actions & opinions do not affect the scores.
- When Champion spotters are required, they cannot be requested to leave during a routine. They will stand back, out of the way, but will be ready to assist at any time.

NO BOUNDARY INFRACTIONS

- No penalty points will be assessed for stepping out of bounds, but major and minor mistakes will be assessed.
- All elements must both begin and end on the competition floor.
